X      Planned

Platform combination not supported

(\*1)    except special functions (see below)

(\*3)    Some restrictions apply for BSP (Design 2003) for Firefox and for WebDynpro with Firefox 1.5

(\*4)    Firefox 1.5 deprecated: not tested anymore, WebDynpro not available.

(\*5)    Win Vista planned for 7.1.1

**Please note:**

- This matrix shows generic NetWeaver support only and does not make statements about browser support in specific applications
- Browsers based on Firefox 2.0 engine will be supported „as-is“, i.e., the reference for SAP support is Firefox 2.0 only.
- In general, the highest available patch level of a browser is recommended (for functional correctness, security etc)
- Client platforms are supported in 32 bit mode only
- JVM 5 needed
