Adobe Interactive Forms	X	X
Adobe Flex	X	X

## Legend

**X** Planned

Platform combination not supported

## Please note:

- **This matrix shows generic NetWeaver support only and does not make statements about browser support in specific applications**
- Browsers based on Firefox 1.5/2.0 engine will be supported „as-is“, i.e., the reference for SAP support is Firefox 1.5/2.0 only.
- In general, the highest available patch level of a browser is recommended (for functional correctness, security etc)
- Client platforms are supported in 32 bit mode only
- Support Windows Vista planned
